## MEL1639

### Crankshaft Timing Pin

**Application:** V518, V638, V723 for Perkins Tier II Engines  
1104C-44T Engine  
Delphi Fuel Injection Pump

Essential tools MEL1638 and MEL1639 are used to properly assist in timing the injection pump to the engine during rebuild and overhaul procedures.

- The tools will be automatically shipped to your dealership and invoiced through Bobcat Parts.
- If your dealership does not want these tools automatically shipped and invoiced the Service Manager may cancel within 15 days of this notification by emailing to, [Bobcat\\_Service\\_Tools@bobcat.com](mailto:Bobcat_Service_Tools@bobcat.com) and to your Bobcat District Service Manager stating not to ship essential tools MEL1638 and MEL1639.
- Later requests for returning the tools for credit will not be accepted.
- To order additional units at the introductory price please call SPX Customer Service at 1-866-621-2128. The order must be placed 15 days or less from the date on this essential bulletin.
