KIT MEL1683 KUBOTA ENGINE TOOL KIT

This kit consists of the following tools:

MEL1655

Kubota V2607 & V3307 Comp. Test Adapter

Application: Bobcat Loaders and Excavators with V2607, V3007, and V3307 Kubota Tier III engines.

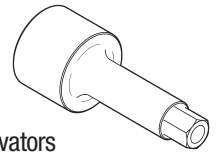

This tool allows for compression testing by attaching current test equipment and fitting to engine.

MEL1666

Kubota V2607, V3007, V3307 Injector Pump Gear Puller

Application: Bobcat Loaders and Excavators with V2607, V3007, and V3307 Kubota Tier III engines.

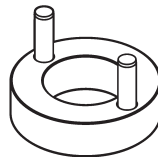

This tool is used to remove the injection pump gear from the governor shaft.

MEL1656

Kubota V3800 Timing Pin Jig

Application: Bobcat Loaders and Excavators with V3800 Kubota Tier III engines.

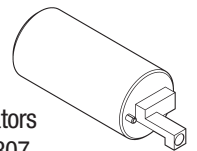

This tool is required to set the Timer to basic timing.

MEL1667

Governor Connecting Rod Jig

Application: Bobcat Loaders and Excavators with V2607, V3007, and V3307 Kubota Tier III engines.

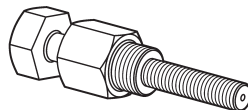

This tool is used for connecting the governor connecting rod to the rack pin in the fuel injection pump assembly.

MEL1657

Kubota V3800 Fuel Cam Gear Puller

Application: Bobcat Loaders and Excavators with V3800 Kubota Tier III engines.

This tool is used to remove the fuel cam gear.

- For North American Bobcat Dealers this tool will be automatically shipped to your dealership and invoiced through Bobcat parts. For all other Bobcat Dealers the orders must be placed directly with SPX prior to August 1, 2009 to receive the introductory price.
- If your dealership does not want this tool automatically shipped and invoiced to your dealership you must contact your DSM within 15 days of this notification. Send an email to your DSM explaining that your dealership does not want this tool and include your dealer name, dealer address, dealer number and the tool part number. Only your DSM can make the request to not ship the tool to your dealership.
- Later requests for returning the tool for credit will not be accepted.
- To order additional units please call SPX Customer Service at 1-866-621-2128. Introductory price is effective until August 31, 2009.
