Essential Tool Bulletin

MEL1653-11 and MEL1653-12

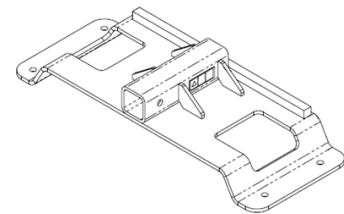

Engine Lifting Device Adapters

Application: Bobcat 3.4 L Engines with/SCR & without/SCR

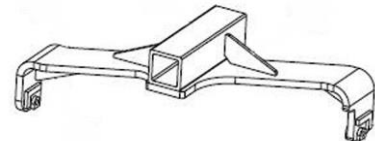

Essential tools MEL1653-11 and MEL1653-12 are used for engine removal and replacement. Use with engine lifting device MEL1653-1. MEL1653-11 is for use with Bobcat loaders with 3.4 L engine (with/SCR) and MEL1653-12 is for use with 3.4 L engine (without/SCR).

These Lifting Device Adapters are engineered to ANSI specifications specifically for Engine installation and removal. The lifting device adapters will increase productivity, help avoid engine damage during removal and installation and ensure your technicians safety.

Essential Service Tool Process

- These tools will be automatically shipped to North American full line Bobcat dealers and invoiced through Bobcat Parts.
- If your dealership does not want the tools automatically shipped and invoiced you must contact your DSM within 15 days of this notification. Send an email to your DSM explaining that your dealership does not want the tools and include your dealer name, dealer address, dealer number and the tool part numbers. Only your DSM can make the request to stop the automatic shipment. Later requests for returning the tools for credit will not be accepted.
- Introductory price is effective until 30 (September) 2015. After that date additional units should be ordered from Bosch Service Solutions.
